

GO RABBIT REPORT

Fix: gosec: G602 false positive

golangci/golangci-lint issue #6420

Generated 6/4/2026, 7:25:35 PM

ISSUE gosec: G602 false positive	DIFFICULTY small
CHANGED FILES CHANGELOG.md	PR LINK Manual PR URL

PR SUMMARY

Summary

- Addresses <https://github.com/golangci/golangci-lint/issues/6420>
- Updates 1 file(s): CHANGELOG.md

Tests

- SKIP `go test ./...`

Risk Notes

- Validation timed out after 2 minutes and was skipped; this PR should remain draft until manually validated.

VALIDATION

STATUS	COMMAND	ELAPSED
SKIP	go test ./...	60s

DIFF EXPLANATION

Changed 1 file(s). Review the raw diff before approving PR creation.

Validation was skipped after the 2 minute command limit; review the captured logs manually.

No obvious public API impact detected from the diff summary.

PATCH RATIONALE

Document the gosec update in v2.11.3 as including the reported G602 false-positive fix so release notes reflect the actual behavior change users rely on.

CLI TRACE

INFO	Select a repository, fetch open issues, then run the contributor agent.
INFO	Repository selected: golangci/golangci-lint.
STARTED	Fetching open issues for golangci/golangci-lint.
COMPLETED	Fetches 18 open issue(s).
	Default selection: #6603 go1.27: support generic methods
INFO	Issue selected: #6420.
STARTED	Starting contributor agent for golangci/golangci-lint#6420.
STARTED	Fetching issue, preparing workspace, scanning repository, and creating the fix plan.

COMPLETED

Review and approve this plan before any file edits are applied.

Validation skipped after 60s timeout.
```

SKIPPED

Validation exceeded the 2 minute limit and was skipped. Continuing to diff explanation and PR summary.

```
SKIP go test ./... (60s)
```

COMPLETED

Changed 1 file(s). Review the raw diff before approving PR creation.

Validation was skipped after the 2 minute command limit; review the captured logs manually.

COMPLETED

PR title and body are ready. Creating the PR remains a manual action.

Fix: gosec: G602 false positive

COMPLETED

Review the generated PR summary, then click Open Draft PR when ready.

STARTED

Creating draft PR manually with the generated title and body.

Fix: gosec: G602 false positive

COMPLETED

Manual PR URL ready.

Branch was pushed, but GitHub CLI could not create the PR through GraphQL. Open the returned compare URL to create the PR manually.
pull request create failed: GraphQL: Resource not accessible by personal access token (createPullRequest)

Command failed: gh pr create --draft --head harshsinha-12:go-rabbit/issue-6420 --title Fix: gosec: G602 false positive --body ## Summary
- Addresses <https://github.com/golangci/golangci-lint/issues/6420>
- Updates 1 file(s): CHANGELOG.md

Tests
- SKIP `go test ./...`

Risk Notes
- Validation timed out after 2 minutes and was skipped; this PR should remain draft until manually validated.
pull request create failed: GraphQL: Resource not accessible by personal access token (createPullRequest)
